

Dear Sir or Madam,

We are totally opposed to any attempt to weaken the Indiana “do not call” law.

Before Indiana allowed us to prohibit commercial calling we were inundated with nuisance calls at all times of the day and evening. The phone that we were paying for the privilege of using was being used by others to annoy us with useless commercial messages that we were not interested in at all.

Please do not weaken the Indiana ‘do not call’ law.

Jack and Deb Kleiss
